

# Material Safety Data Sheet

## Section 1 Identification and company details

Producer: ImmunoMedic AS  
Address: Olabakken 15  
1397 Nesøya  
Norway

Contacts: Tel/Fax: +47 950 61860  
Email: ms@immunomedic.com  
Web: www.immunomedic.com

Product Name **Betox-93™ high purity beta glucan Fine grade/Standard grade**

## Section 2 Composition / Information on ingredients

Beta-1,3/1,6-D-glucan

## Section 3 Hazard identification

There are no known health risks. Product is non-toxic, non-mutagenic, non-carcinogenic.

## Section 4 First Aid measures

In case of eye contact, immediately flush with plenty of water for at least 15 minutes; if the irritation continues, call a physician. No first aids measures are required in case of skin contact or ingestion.  
In case of inhalation, move to fresh air. If not breathing; give artificial respiration, preferably mouth-to-mouth. If breathing difficulty persists, or occurs later, consult a physician.

## Section 5 Fire fighting measures

Product is non-flammable, non-explosive, does not combust spontaneously.

## Section 6 Accidental release measures

Dispose of properly, no environmental risks associated. In case of leak or spill, the product can be disposed of in accordance with national and local regulations.

## Section 7 Handling and storage

Store in dark place at temperatures 15-25°C. Keep away from direct sunlight and frost.

## Section 8 Personal protection

Provide sufficient ventilation in working areas. Wear a properly fitted face mask and safety goggles to prevent contact with eyes and risk of inhalation.

## Section 9 Physical and chemical properties

State: solid, fine powder  
Water solubility: not soluble  
Ignition (flash) point: none

## Section 10 Reactivity and stability

Product is stable. No reasonably foreseeable incompatibility (materials to avoid). No known sensitivity to mechanical impact. Hazardous polymerization does not occur.
